

Efficient and error-free eContracting for your aftermarket F&I products.

With the largest aftermarket provider network, F&I Express® gives you the complete digital solution for aftermarket product sales.

Digital Solution for Faster Deals

Leave behind 5-ply contracts for the streamlined eContracting platform. Get higher CSI scores when customers spend less time “in the box.” Quickly compare multiple quotes from different providers with the Express Quote tool to increase closing rates. Use eSignature for submittals in seconds.

Only One Login

Log in to one website to eRate and eRegister products. Connect directly to more than 160 providers. Plus, seamless integration with over 10 different DMS and leading menu companies avoids redundant data entry.

Ultimate Tool to Manage Margins

Manage product margins and dealer compliance policies with powerful eContracting feature, CompliPrice™. Adhere to any future Consumer Financial Protection Bureau (CFPB) policies. Simply select preferred markup options and set for all contracts.

Error-Free Contracts

Eliminate rejected contracts due to incorrect rates or forms with missing information. eContracts are on the correct forms 100% of the time. No more rewrites or running out of forms. Then print with just one click.
